### MEDIA INVITE

#### OFFICIAL HANDOVER OF DELMAS WATER TREATMENT PLANT

The Department of Co-operative Governance and Traditional Affairs has completed building a 15Mℓ/day state of the art water treatment plant to the cost of R80 million in Delmas, Victor Khanye Local Municipality. The new water treatment plant will alleviate the water problems that have affected the municipality in the past.

The community in the municipality has experienced outbreaks of Cholera and Typhoid in the past few years as a result of water quality challenges. The completion of the plant will ensure that the municipality continues to provide quality water to all residents. This plant will benefit 10 000 households.

You are invited to join Mpumalanga Premier, Mr DD Mabuza and MEC for COGTA, Mr Madala Masuku when they officially hand over the Water Treatment Plant to the Victor Khanye Local Municipality.
